STYLE-GROOMING

Whether it's a velvet hoodie or a Private Blend fragrance, Tom Ford never does anything by half, and his latest launch, the Tom Ford For Men range of skincare and grooming essentials, is no different. The skincare products include an eye cream, face cleanser, mud mask, daily moisturiser, lip balm and serum, all of which are formulated with the high performance complexes expected from a premium skincare line. But the standout choices - the ones that push the boundaries - are the grooming products: a concealer and a water-based oil-free bronzing gel. Perfect for camouflaging imperfections, blemishes or shaving nicks, the concealer is available in three shades - light, medium and dark. The bronzing gel enhances the skin and gives you a natural, healthy glow. Doubtless, this is just the beginning, and we're sure to see a shaving line debut in the future. But, for now, take the current collection as an edited toolkit from Tom Ford for every man to look his groomed best.

Tom Ford For Men skincare collection, from £20-£120. 0470-0342566 (available 4 November)
